

PRIVACY POLICY

Texas Hemp Cooperative, LLC. ("TxHC") takes your privacy very seriously. We have created this Privacy Policy to demonstrate our firm commitment to privacy and security. We want to make your experience on www.texashempco-op.com (the "Site") as enjoyable and rewarding as possible, and we want you to use this Site's vast array of information, tools, and opportunities with complete confidence. Please read the following to learn more about our privacy policy and terms and conditions.

I. WHAT THIS PRIVACY POLICY COVERS

This policy covers how TxHC treats personal information that it collects and receives. "Personal information" is information like your name, address, email address, or phone number that is not otherwise publicly available.

This policy does not apply to the practices of companies that TxHC does not own or control or to people that TxHC does not employ or manage.

II. INFORMATION COLLECTION AND USE

A. General

TxHC gathers personally identifiable information about users of the Site through the registration process and other means, such as user submissions and any web sites accessible through our Site. We use this personal information primarily to provide a customized experience as you use our Site and, generally, do not share this information with third parties except as set forth herein. However, we may disclose personal information collected if we have received your permission beforehand or in very special circumstances, such as when we believe that such disclosure is required by law or other special cases described below.

B. Personal Information

1. Registration: When you register to become a Member, you will be asked to provide certain personal information when you sign up including name, address, telephone number, billing information, and email address. The personal information collected from Members during the registration process is used to manage each Member's account (such as for billing purposes). This information is not shared with third parties, unless specifically stated otherwise or in special circumstances. However, in instances where TxHC and a partner jointly promote the Site, TxHC may provide the partner certain personal information, such as the name, address, and username of persons who subscribed to the Site or as a result of the joint promotion for the sole purpose of allowing us and the partner to assess the results of the promotion. In this instance, personal information may not be used by the partner for any other purpose. TxHC may also generate non-identifying and aggregate profiles from personal information Members provide during registration (such as the total number, but not the names, of Members). As explained in more detail below, we may use this aggregated and non-identifying information to sell advertisements that appear on the Site.

2. Online Shopping: On the Site, you can purchase products and services or register to receive materials, such as a catalog or new product and service updates. In many cases, whether Member or non-registered user of the Site ("Visitor"), you may be asked to provide contact information, such as your name, address, email address, phone number, and credit/debit card information. If you complete an order for someone else, such as an online gift order sent directly to a recipient, you may be asked to provide information about the recipient, such as the recipient's name, address, and phone number. TxHC has no control over the "third parties" use of any personal information you provide when placing such an order. Please exercise care when doing so.

If you order products directly from TxHC, we will use the personal information you provide only to process that order. We do not share this information with outside parties except to the extent necessary to complete that order.

3. Online Advertisements: TxHC displays our online advertisements. We share aggregated and non-identifying information about our Visitors and Members collected through the registration process as well as through online surveys and promotions with these advertisers. Additionally, in some instances, we use this aggregated and non-identifying information to deliver tailored advertisements. For instance, an advertiser tells us the audience they want to reach (for example, females between 25 and 35 years of age) and provides us an advertisement tailored to the audience. Based upon the aggregated and non-identifying information we have collected, we may then display the advertisement to the intended audience. TxHC does not share personal information about its Visitors or Members with these advertisers.

4. Responses to Email Inquiries: When Visitors or Members send email inquiries to TxHC, the return email address is used to answer the email inquiry we receive. TxHC does not use the return email address for any other purpose and does not share the return email address with any third party.

5. Special Cases: It is TxHC's policy not to use or share the personal information about Visitors or Members in ways unrelated to the ones described above without also providing you an opportunity to opt out or otherwise prohibit such unrelated uses. However, TxHC may disclose personal information about Visitors or Members, or information regarding your use of the Site or Web sites accessible through our Site, for any reason if, in our sole discretion, we believe that it is reasonable to do so, including: to satisfy laws, such as

the Electronic Communications Privacy Act, regulations, or governmental or legal requests for such information; to disclose information that is necessary to identify, contact, or bring legal action against someone who may be violating our Terms & Conditions or other user policies; to operate the Site properly; or to protect TxHC and our Members.

C. Non-Personal Information & Cookies

TxHC also gathers non-personal information through standard tracking mechanisms on TxHC internet servers. For example, TxHC employs “cookies” on various parts of the Site. Cookies are information that the Site transfers to the user’s hard drive to facilitate record keeping and tracking a user’s preferences. Non-personal information is primarily collected in order to improve the functionality and user’s enjoyment of the Site, to tailor the Site to your individual preferences, and to make using the Site simpler and more enjoyable. The information that is typically tracked includes the type of internet browser and operating system being used by a user, and the user’s internet service provider.

D. Security

The importance of security for all personally identifiable information associated with users is of the utmost concern to TxHC. Unfortunately no data transmission over the internet can be guaranteed to be 100% secure. As a result, while TxHC strives to protect users’ personal information, TxHC cannot ensure or warrant the security of any information users transmit to the Site, and users do so at their own risk. Your account information is protected by the password you use to access your online account. If you use this Site, you are responsible for maintaining the confidentiality of your account and password and for restricting access to your computer, and you agree to accept responsibility for all activities that occur under your account or password.

Hard copies of private information are maintained in locked locations or cabinets with similar restrictions for electronic storage of private information. When disposed of, the information is shredded, destroyed, erased, or otherwise made unreadable.

III. COMMITMENT TO CHILDREN’S PRIVACY

Protecting children’s privacy is especially important to us. While we make every effort to ensure that the Site is fun and age-appropriate for our younger audience, we believe that there is no substitute for proper parental supervision. For further information about tips, tools, age-appropriate or kid-friendly Web sites and how to report online trouble, please visit www.getnetwise.com.

Children under 13 may use the Site, but should do so only with parental supervision, especially when it relates to the disclosure of personal information about children. Although TxHC will do what it can to screen information from children under the age of 13 on the Site, TxHC has no way to guarantee that a registrant or user is under 13.

Therefore, to the maximum extent permitted by law, TxHC is not responsible for a child’s use of the Site or the personal information supplied by a child on the Site.
